Battle of Armageddon
“Har-Megiddon” the “mount of assembly” meaning Jerusalem, which is the scene of the battle, not the valley of Megiddo.

Gog and his people destroyed, God’s true Israel delivered, Judah and Israel united, signs in the heavens, blood flowing, siege weapons as firewood for seven years.

Ezekiel 38 & 39 Israel dwelling in peace in un-walled villages is invaded from the north by “GOG” and his international army coming to take great spoil, deposes Israel’s last king.

We are not living in the “End Times”, we are living in the Kingdom Age. The prophecies of Ezekiel of the return of Israel already happened. Armageddon has already happened, there is no Russian invasion of Israel coming. The current Jews who took the land of Israel in 1948 are Edomites fulfilling Malachi 1:4 and Obadiah.
