American Gods and Crazy Politicians

In the winter of 1776 at Valley Forge general George Washington has a divine visitation from an ancient "goddess". When he built America's capital he dedicated it to her: The District of Columbia. And therein lies a tale of trouble....

I want to continue my theme from last week. Why do politicians do patently crazy things to destroy their nations? Because that is how the Lord judges nations when it is time for "regime change". I'll get back to George Washington in moment.

This week my attention is on America. The world's most powerful and prosperous economy just 6 months ago is now utterly crippled, mass unemployment, riots and looting in the cities, millions of small business owners destroyed and with it the middle class of the nation and the millions of jobs they provide and an unprecedented destruction of the mighty US dollar as their government literally creates trillions upon trillions of dollars out thin air.

The ostensible reason for all this destruction? Pandemic fear "We need to save lives!". Really? But what about the million babies you kill every year in abortion clinics? And then there is that cultural hysteria of 'Black Lives Matter'. Really? What about the 23 million black babies who have been killed in abortion clinics set up in black neighborhoods since the passing of Roe vrs Wade in 1971? Is anybody marching for those innocent lives? Or don't those black lives matter?

This public hypocrisy of crazy politicians is so blatant that one has to wonder, What in the world is going on here? I suggest there is something very important happening in the spirit realm which the Bible describes as "spiritual wickedness in high places" and to understand that it would help to look back in scriptural history to Solomon and his crazy son Rehoboam.

When Solomon died he left his vast kingdom and incredible wealth to his son Rehoboam. We get this picture of Solomon as this wise ruler who amassed an incredible fortune (and multitudes of wives). He literally had it all. But the Bible also tells us that while Solomon had it all, the people were in poverty from high taxes, wasteful spending and luxurious living by the royal court.

The people of Israel gathered to meet the new king to complain to him of how they suffered under the rule of Solomon....

1Ki 12:4 ***Thy father made our yoke grievous: now therefore make thou the grievous service of thy father, and his heavy yoke which he put upon us, lighter, and we will serve thee.***

Here was Rehoboam's reply after consulting with the old counselors and then the young men around him....

1Ki 12:13-4 *And the king answered the people roughly, and forsook the old men's counsel that they gave him; And spake to them after the counsel of the young men, saying, My father made your yoke heavy, and I will add to your yoke: my father also chastised you with whips, but I will chastise you with scorpions.*

1Ki 12:15 *Wherefore the king hearkened not unto the people; for the cause was from the LORD*

What followed was a national uprising, rioting and stupid Rehoboam losing most of his kingdom which became the kingdom of Northern Israel under a new king Jeroboam. But please note verse 15, "this cause was from the Lord"

Now why would the Lord allow Rehoboam to do such a stupid thing as listen to bad advice and "treat the people roughly"? The answer to that is to look in the previous chapter of Kings 11 and see what made the Lord so angry that He decided to destroy the nation with a stupid king.

1Ki 11:5-7 *For Solomon went after Ashtoreth the goddess of the Zidonians, and after Milcom the abomination of the Ammonites. And Solomon did evil in the sight of the LORD, and went not fully after the LORD, as did David his father. Then did Solomon build an high place for Chemosh, the abomination of Moab, in the hill that is before Jerusalem, and for Molech, the abomination of the children of Ammon.*

When Solomon decided that he wants more than what his father David had and did, more wealth, more prosperity, bigger temples, bigger armies, bigger land. Solomon needed more gods for more wealth and power. In those days different gods provide you with different gifts if you serve them

The thing that Solomon really wanted was far more wealth. And there was a well known god in ancient days for prosperity. Actually it was a "goddess" known as "the Queen of Heaven"....Ashteroth. But she went by many other names in different times and cultures. She was the goddess of fertility and abundance.

Many years later in Jeremiah's days the Jews were still worshipping this queen of heaven. This is what the Lord said about that and what the people said about this queen of heaven....

Jeremiah 7:18

The children gather wood, the fathers kindle fire, and the women knead dough, to make cakes for the queen of heaven. And they pour out drink offerings to other gods, to provoke me to anger.

Jeremiah 44:17,25

But we will certainly do whatever has gone out of our own mouth, to burn incense to the queen of heaven and pour out drink offerings to her, as we have done, we and our fathers, our kings and our princes, in the cities of Judah and in the streets of Jerusalem. For then we had plenty of food, were well-off, and saw no trouble.

So what does this prosperity "queen of heaven" have to do with America and George Washington and the current crazy things going on?

One of the great enduring stories that American's learn about the people they call their "Founding Fathers" is the great Revolutionary War of Independence of 1775 and their great war leader George Washington. A story that especially evangelicals like telling about George Washington was what a man of God he was. As proof of this they love pointing out to his famous going on his knees in prayer at the worst time of the war in Valley Forge, the war going very bad and went into the woods to pray....and then a miracle happened. An angel appeared to George Washington and gave him a vision of America's future! By the way you can Google this under "vision George Washington" and you can read Washington's own account of this extraordinary event.

But I was always sceptical about who or what appeared to Washington when I studied the founding of their capital city Washington DC. Here is the first paragraphs of Washington describing his vision.....

WASHINGTON'S OWN WORDS

This afternoon, as I was sitting at this table engaged in preparing a dispatch, something seemed to disturb me. Looking up, I beheld standing opposite me a singularly beautiful female. So astonished was I, for I had given strict orders not to be disturbed, that it was some moments before I found language to inquire the cause of her presence. A second, a third and even a fourth time did I repeat my question, but received no answer from my mysterious visitor except a slight raising of her eyes.

"By this time I felt strange sensations spreading through me. I would have risen but the riveted gaze of the being before me rendered volition impossible. I assayed once more to address her, but my tongue had become useless, as though it had become paralyzed.

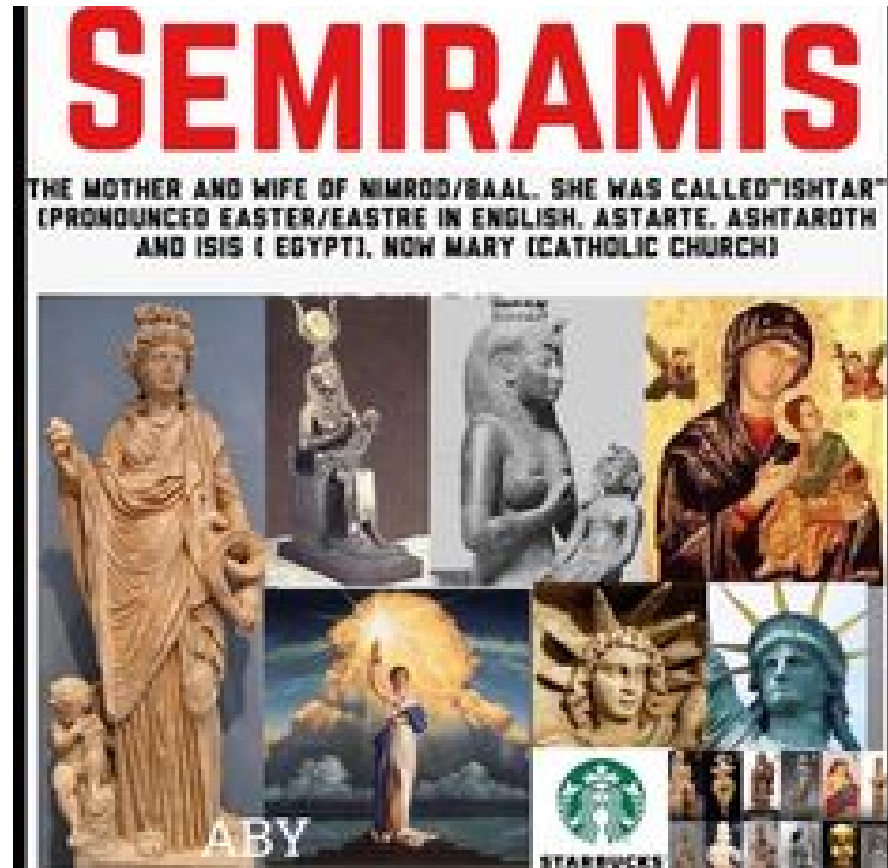

"A singularly beautiful woman"? This was no "angel from the Lord" as far as I am concerned. Why would I say that? Because Washington knew her name. She revealed it to him. She also required something from him in order to bless him. Washington after the war kept his promise to her. He built her a "high place" a temple in her honour. He called it "The District of Columbia" because her name was 'Columba"...another name for the ancient queen of heaven served and honoured by all great empires of the past.

Why Columba? If you look that name up it means "Dove", from the Latin "Columbaie". This was one of the signs of the queen of heaven, the dove. In mythology this queen of heaven was also the wife of Nimrod called Semiramis. Here is a quote about the significance of Semiramis...

♀ *Semiramis*

the meaning of Semiramis is "highest heaven". Semiramis was an Assyrian queen who, according to myth, built Babylon and turned into a dove when she died. Semiramis also appears in Babylonian mythology as the wife of Nimrod, who is sometimes also known as Ishtar or Isis

So she built Babylon and turned into a "dove" (Columba) when she died. Also known in other mythologies as Isis, Ishtar or Ashteroth or Demeter. Also known as the Virgin goddess, also known as Isis consort to Osiris who bore him a child, Horus or in other mythologies Tammuz. And in Roman Catholic mythology, the Virgin Mary, queen of heaven, mother of God.

On my book shelf I have two very revealing books on the origins of Washington DC. The one by David Ovason "**The Secret Architecture of our Nation's Capital: The Masons and the Building of Washington DC**" is the interesting history of how Washington DC was laid out and planned as a Masonic city dedicated to the constellation Virgo the Virgin with all significant buildings and times and ceremonies determined by the stars. George Washington in his Masonic robes of course laid out the cornerstone of the Capitol building according to Masonic tradition.

Washington DC was carved out of two states on either side of the Potomac river in a square of 10 miles on a side. Like the New Jerusalem of Revelation, a city built four square, so Washington DC...and with a river running through it. The states Virginia and Maryland donated their land each....as in Virgin + Mary!

The other more interesting book is Alan Butler's "**City of the Goddess: The sacred feminine and the secret beneath the seat of power in Washington DC**". Butler gets right down to the real "star" here....Washington DC is the city of the ancient goddess Columba or Ishtar or Isis whatever name you want to use. It is dedicated to her. She rules here along with a number of other "gods" of ancient times. By the way these "gods" are real. They are fallen angels who can appear in any form they wish to

fool and deceive mankind. They can even appear as a beautiful woman. They are "shape-shifters". They have that power to project and to deceive.

Who else is here? As per Solomon, he not only built a temple for Ashtarte but also for Moloch. What Moloch in all ancient societies that served him wanted was the sacrifice of children. Do you wonder why America has killed more than 60 million babies? Because the god Moloch demands it. The great obelisk of Egypt for the god Osiris is here (The Washington Monument) the mystic sign of the goddess Venus is here the star Venus with her sign of the pentagram (The Pentagon).

I recently watched that TV series 'American Gods'. It was gruesome. I watched it because years ago I read the book it was from Neil Geiman's "American Gods". The series was prophetic of our times. I am seeing more and more things on the media that are parables and messages of the times we are in.

The theme of the book and series is that the ancient gods of the world who had been lost because people stopped believing in them were coming to America for a final "Ragnarok" an apocalyptic battle of the end of time. They are led by One Eyed Odin. (which is why you see the one eye on the dollar bill). I assume most of you who watched the series got lost in its plot line.

But this is the prophetic part. It is time for "Ragnarok" the slaughter of the ancient gods. Their demands on mankind, their false promises, their vicious cruelty and hatred for people and their obedient politicians who serve them like Solomon did for the promise of riches and power.....that is coming to an end.

God has turned the servants of the false gods into crazy politicians who are destroying the habitat of the gods, the power base of the gods. The false god dollar, the power gods the prosperity gods...they are all falling. The infiltration of the prosperity goddess into the church is finished. The power hungry are abandoned.

It is time for that old whore of Babylon to meet her demise. The beast she has been riding to destruction is going to turn on her and tear her to pieces. And from that will arise the Kingdom of God.

The tares that are choking the Kingdom of God in America are being painfully pulled out. The American church is going to rediscover who the real "Founding Fathers" of America were, the Puritans who came to build a city on a hill that will shine as a light to the nations. That false goddess with her flame, lady Liberty in New York harbour, her time is up. The real Jubilee liberty of God's freedom is coming to America with the coming debt crash of the dollar.

God is not finished with America, but He is shaking America so that all that is built on sand will fall.
