## Part 1 : The Jubilee Economic Liberation Mandate

God has a generational wealth creation plan whereby the land and is redeemed and repurposed for establishing His Kingdom on earth. The mechanism for land redemption was revealed to Moses. It is called the Jubilee It has never in the history of God's people been done. It is time to sound the Jubilee trumpet.

Let's right at the start clear up a major misinformation about Jubilee....the common phrase "we need a Jubilee debt forgiveness." Debt was not forgiven in Israel in the 50<sup>th</sup> year and there was a whole lot more in a scripture Jubilee cycle that is conveniently ignored by both secular economists and prosperity preachers.

You will not understand the concept of the 49 year Jubilee cycle of scripture if you do not understand the purpose that God has for man and community and the earth. Meaning as Psalm 24 says...

"The earth is the Lord's and the fullness thereof, the world and all they that dwell therein."

In economic terms: God has created an incredible asset, what is His expected return on that asset? Let's dive in.

The Jubilee is a generational wealth creation mechanism whereby the earth which has been given to man by God is to be redeemed to produce what God intended for the earth.

By way of illustration....Proverbs 13;22.....

"A righteous man leaves an inheritance to his children's children and the wealth of the sinner is laid up for the just."

Here is the effect of one man using his life's work to ensure the generational success of his family. Here is the problem that it solves.

We have a crisis world wide and in our churches with our 18-24 group that are transitioning from adolescence to adulthood. God has made the human body of women in such a way that from 18-24 they are best able to have children. God has made men in such a way that between the ages of 18-24 they produce more sperm and have higher sex drives than at any other time in their lives. Meaning: the best time for marriage and starting a family and lots of God ordained sex is between the ages of 18-24.

Here is the problem: The average age of marriage in all developed economies is 28-29 for women and 29-30 for men. And Christians unfortunately too often included in that statistic. Do you think anyone is leading a single celibate life between 18-30?

Here is God's solution: Grandparents. More specifically God raises up a righteous man from youth who diligently does a 50 year Jubilee cycle in his working life from 20=50 and accumulates productive assets so that when his grandchildren reach marriage age 18-24 he is able to pass on wealth and productive assets to them to finance their family formation, with the wife having children and the husband studying developing career skills.

The propose of wealth accumulation is so that a family has not just income from labour but income from productive assets. The point is that you can for a while support children and grandchildren for a while form earning a monthly paycheck, but the goals is accumulating productive assets that keep producing income for the next generation when you are enjoying your reward in heaven.

There are here and there examples of individuals who are able to do this. But for the greater majority of people only maybe 6% at old age have accumulated enough assets to retire comfortable. For most of people and families life is a month to month fight to eat and keep a roof over their heads. The cost of having and raising a child is not worth it for many.

And a major reason for this is that the accumulate asset wealth of a nation are controlled these days by government and corporations. While families are decapitalized and dependent on government handouts or corporate meager salaries. I have much more on this later in the series.

This is where God stepped in with Moses and Israel and His national economic liberation plan whereby the nation of Israel works together to make sure that all are included in economic prosperity....the poor the marginalized, the weak, the orphan, the widow, the handicapped.

God's Jubilee plan is for a nation of people to so order their economic system that generational wealth is accumulated by the people of God and passed on as a foundation for growth to the next generation. This wealth is to be accumulated within family structures and passed on by families to the next generation.

The unrighteous who are not able to do family formation find out that eventually Godly families inherit the land while the wicked either abort their babies, have no children, engage in gay lifestyle, squander their lives and money on useless destructive behavior.

But generational wealth creation is best done when Godly people decide to be nationally the "people of God" and work for each other's blessing

That is why the opening of Leviticus 25 Jubilee scriptures verse 2 says "when you come into the land which I give you then shall the land keep a Sabbath unto the Lord."

This means that just as the Lord says to individuals that they are to keep a Sabbath to regulate their work life...."six days shall you work, the seventh you will rest". This is done to enhance your own productivity. So also the land and the economic structures must be subjected to God's purposes.

Now let me get to the timing of the Jubilee cycle I started with and lets see where we really are on God's prophetic timeline.

There is a 7 year Sabbath cycle and there is a 7 X 7 Sabbath years cycle meaning 49 years. In each cycle there are to be results at the end of the cycle. I will later in the series explain to you what had to be done by the end of every 7 years but one item on the list was that no debt can be made for longer than 7 years after which the borrower is no longer liable. So debt forgiveness was every 7 years (not after the Jubilee as incorrectly inferred with "Debt Jubilee).

However what God did declare was that at the end of a national 49 year work and economic cycle the result had to be the same as what I previously described for our grand father and grandchildren illustration. The people are not only debt free but the productive assets of the nation have been accumulated by Godly families, the poor have been raised out of poverty, the weak and disabled of the nation have been cared for and it is time in the 50<sup>th</sup> year to blow the trumpet and have national celebration of economic celebration.

In our on going series I will delve deeper into two aspects of national economic prosperity:

- What are the economic policy decisions of the Lord to Israel and how do they apply today.
- And assuming like Israel there is a Promised Land to take are the "strong walled cities" and "giants" in the land that we need to contend with in 21<sup>st</sup> Century as a victorious church.

The critical time line issue....

I am now going into the speculative about time line issue I raised last week. I don't do the popular "when is the rapture" or "when is the Coming of the Lord of the tribulation etc. All date setters have always been wrong.

However there is a fascinating date setting in scripture using the 7 year Sabbath as a counting mechanism. It is found in the famous prophecy in Daniel of the "70 weeks" which all commentators agree are not 70 weeks of 7 days but 70 Sabbath weeks of 7 years or 490 years.

Daniel gives a starting point which turns out to be 458 BC and basically says in 490 years the following 6 things will happen. The 490 years of 70 Sabbaths would then end in 33 AD and these are the 6 things.....

***Vrs. 24: Seventy weeks are determined upon thy people and upon thy holy city; to finish the transgression, to make an end of sins, and to make reconciliation for iniquity, and to bring in***

*everlasting righteousness, and to seal up the vision and the prophecy, and to anoint the most Holy.*

*Vrs. 25 Know therefore and understand that from the going forth of the commandment to restore and to build Jerusalem unto Messiah the Prince, shall be seven weeks and threescore and two weeks; the street shall be built again and the walls even in troublesome times.*

*Vrs. 26 And after threescore and two weeks shall Messiah be cut off, but not for himself; and the people of the prince that shall come shall destroy the city and the sanctuary; and the end thereof shall be with a flood and unto the end of the war desolations are determined.*

*Vrs. 27 And he shall confirm the covenant with many for one week; and in the midst of the week he shall cause the sacrifice and the oblation to cease, and for the overspreading of abominations he shall make desolate, even until the consummation, and that determined shall be poured upon the desolate.*

So we can see that by the end of the 70<sup>th</sup> week of Daniel's prophecy in 33 AD when Jesus, Messiah the Prince, was crucified, the outcomes prophesied by Gabriel in Dan. 9:24 were all fulfilled:

1 & 2) He "Finished the transgressions" and made "an end to sin" by His sacrificial death and shed blood (1 John 2:2; 3:5).

3) He made "reconciliations for iniquity" (Heb. 2:17; 2 Cor. 5:18; Rom. 5:10).

4) By His obedience were "many made righteous" (Rom. 5:19; 2 Cor. 5:21).

5) He "sealed up the vision and prophecy" by ending the dispensation of law that came through the visions and prophecy of the Old Testament prophets by fulfilling the law (Math. 5:17; Heb. 8:13).

6) To "anoint the most holy" refers to the anointing of the Holy Spirit on Jesus at His baptism (Acts 10:38; Luke 4:18). And then on the Day of Pentecost He poured out His Holy Spirit on the 120 in the upper room anointing them with power.

My speculation is this for which I do not claim is "Thus saith the Lord". I am thinking this. Since there are two different Sabbath cycles which come into effect "when you enter into the Land". The one is the 7 year Sabbath cycle. The other is the 49 year Jubilee Sabbath cycle.

God used the 7 year Sabbath as a time marker for the salvation and redemption of the people through Jesus the Prince. What was marked was the spiritual redemption of the people would happen in 70 times 7 Sabbath years.

Can I speculate and say could there be an economic liberation of the land signified by the Jubilee 49 years economic cycle? Could we then speculate on the possibility of let's say 70 times 49 year Jubilee cycle? And what are we looking for? Can we speculate that in 70 times 49 years the people of God would be ready to do what has never been done before.....possess the land of their promise, their inheritance and possess the land by Jubilee economic principles? That is redeem the land and repurpose it for God's Kingdom agenda? "They Kingdom come on earth as it is in heaven"? And no I am not talking about the Second Coming of Christ.

If my speculation has merit we would need a starting date and ending date for a period of  $70 \times 49 = 3430$  years! My speculation is that the year that Israel came out of the wilderness to possess their Promised Land is a good starting point and should indicate to us there is a time for the Church to get out of the wilderness wanderings we have been in

and lets start possessing our national inheritance....redeem the land and bring economic deliverance to the poor and disposed of the earth.

As it is we in fact have an exact date for that by counting back the year from Israel's kings and the date of the construction of the Temple and so forth. But how can we be sure? Because we know from scripture when king Ahab died (1 Kings 22:32-37) and we know from archeological artifacts of the Assyrian empire they mention in their timeline when they battled with Israel and king Ahab died (the battle of Karkar) and we know from their records that the battle of Karkar took place 90 years before a solar eclipse in the 6<sup>th</sup> year of Shalmanezar III. Astronomers have calculated that solar eclipse was on 15 June 763 BC.

So from all those corroborations it is then easy to come to the exact year that Israel finished their wilderness wanderings.....1407 BC. Now add 3430 years to that date and remember that when you pass from BC to AD you subtract a year because there is no year 0. That would bring us to 2024.

My speculation? I am believing that the Biblical year in Israel ends at the feast of Trumpets – which is called Rosh Hoshana which this year is 2 October and Yom Kippur is 11 October 2024.

If I am right then I further expect that the Church and the world should start getting a major impact after October that Babylon is falling, the world economic system is no longer viable and the Church begins to realize that the whole “end times” eschatology centered on Israel and the escape of the Church is no longer viable and that in fact it is time for us to take the land and redeem it.

The answers to the question...

If not us (the church) then who? – The Jews

If not now (for the Kingdom) then when? – One day in the millennium.

These answers will no longer be viable. The Church is ready for new vision. It is time for a new generation of Kingdom warriors. The old Moses generation leaders are passing away. The new generation Joshua and Caleb generation is ready for battle.

It is time for the Ekklesia of God in every town and city across our land to join hands and create community and Kingdom purpose and stop expecting corporations and government to heal our land – those who cause the problems cannot solve the problems!

Next week lets go deeper into defining our “take the land” purpose and how we can start to mobilize and arm ourselves with God's Jubilee economic strategy.
